

Unity of Walnut Creek – Audio Lead

The Audio Lead is the primary contact for all ministry related audio services.

This person is specifically responsible for:

- recruiting, training, scheduling and supervising audio technicians for recurring Sunday services and events as well as other special events and services.
- managing all audio related equipment and configurations: sound board, wireless devices, microphones, speakers, stands, cables and other audio equipment.

Interpersonal skills are important in the Unity environment. Key to this position is the ability to work and communicate well with the minister and staff, a variety of performers and personality styles, video and switching personnel, and within the Production Team.

REQUIRED EXPERIENCE: Prior experience with live sound engineering in an indoor setting. Prior experience with setting up, sound checking and tearing down stage equipment for performers and speakers, including wired & wireless microphones, monitors, acoustic guitars with or without pickups, electric guitars, bass guitars, drums, piano, etc.

PREFERRED EXPERIENCE: Prior experience with 32-channel digital console, preferably Midas M32. Experience with configuring audio for internet livestreaming is a plus.

To apply: please submit your resume and cover letter (or letter of intent with relevant experience and education) to office@unityofwalnutcreek.org by Friday, June 18.
